CLOTHING CONSTRUCTION

VERSION 1

PREFACE

Welcome to this module on Clothing Construction. This material is designed to provide learners with the fundamental knowledge and skills needed to provide learners with fundamental knowledge and skills needed in garment making. It covers essential topics such as basic sewing techniques, fundamentals of dressmaking, garment construction and final garment construction.

The goal of this module is to help students develop accuracy, creativity, and confidence in construction garments. Through guided activities and practical applications, learners will gain hands-on experience that will enhance their understanding of the different processes involved in clothing construction.

This material is intended to support both teachers and students in achieving to detail, and proper work habits, which are important in producing quality garment.

It is hoped that this module will serve as useful guide in developing the skills and appreciation needed in the field of clothing construction.

Raiza T. Lamis

TABLE OF CONTENTS

Module	Topic	Page
Module 1	BASIC SEWING TECHNIQUES	
Lesson 1	Basting and Hand Stitches	1
Lesson 2	Seams	6
Lesson 3	Hem Finishes	11
	Module Summary	16
	Module Assessment	17
	Answer Key	19
	References	20
Module 2	FUNDAMENTALS OF DRESSMAKING	
Lesson 1	Collar Types and Measurement	21
Lesson 2	How to Take Body Measurements	25
Lesson 3	Pattern Drafting	32
	Module Summary	35
	Module Assessment	36
	Answer Key	38
	References	39
Module 3	GARMENT CONSTRUCTION	
Lesson 1	Fabric Preparation and Cutting	40
Lesson 2	Sewing the Blouse (Assembly)	43
Lesson 3	Finishing Details	45
	Module Summary	47
	Module Assessment	48
	Answer Key	51
	References	52
Module 4	FINAL GARMENT CONSTRUCTION	
Lesson 1	Fitting and Alteration	53
Lesson 2	Final Finishing and Evaluation	55
	Module Summary	57
	Module Assessment	58
	Answer Key	61
	References	62
