Literary Criticism

PREFACE

This module is prepared to guide undergraduate students in understanding the fundamentals of Literary Criticism. This resource is designed to help you explore how literary texts are read, analyzed, and interpreted using various critical approaches. It introduces key concepts, theories, and methods that will strengthen your ability to think critically, read closely, and write clear and well-supported literary analyses.

The module follows the learning process in literary studies from understanding texts and identifying critical issues to applying literary theories, analyzing themes and language, and writing critical essays.

Each module includes learning objectives, guided readings, activities, and reflection exercises that encourage active engagement and practical application of critical concepts.

Ultimately, this module aims to build your critical awareness, analytical skills, and appreciation of literature. May it serve as a helpful companion throughout your study of Literary Criticism, encouraging curiosity, thoughtful interpretation, and a commitment to academic excellence.
